CHARACTER - Sympathetically renovated single storey country village hotel
LOCATION - Part of the tourist focus Central West NSW, Popn 182,682

POTENTIAL - 5 acres of manicured countryside - Weddings, functions, events, etc
BUSINESS - Bar, food, functions, accom, camping. Large events already booked

After 2.5 years the current owner has created that quintessential country pub, maintaining the character, yet providing full modern features expected today, building the vision; they are not able to operate the business as it deserves.

The Pub:

- Main bar with open fireplace, pool table and capacity for around 100 patrons.
- Dining room with open fireplace and seating for approx. 30-35 people.
- Bistro / café area with open fireplace and seating for approx. 10 people.
- Large commercial kitchen capable of servicing high volume bistro trade, weddings and festivals.

Accommodation and camping:

- Three pub style guest rooms with shared bathroom.
- Self contained one bedroom unit (ideal for an on site manager or premium guest accommodation).
- Large camping area with space for over 200 campers.
- Outdoor toilet facilities for campers.

Ancillary improvements:

- Storage shed.
- Approx. 200 m² dedicated car parking area, with additional informal parking available on the grounds for events (subject to layout).

Outdoor trading and event zones

- Sun drenched, north facing, designated beer garden with fire pit, music stage and capacity for up to 200 people.
- Front verandah with fire pit and on street seating for up to 30 people.
- Back verandah with open fireplace and seating for around 30 people.
- Expansive lawns and camping paddock, ideal for festivals and multi day events.

Potential

- Expand the events calendar (festivals, retreats, markets, car and bike weekends).
- Build cabins or tiny homes (STCA) for workers on regional projects and destination tourists.
- Develop a stronger food, wine and craft beer offering to leverage nearby wineries and breweries.

From the vendor: "It's a reluctant sale - I'd rather keep it and lease it out, but living 4 hours away means I just can't keep running it the way it deserves."

The vendor has requested that all property inspections be conducted through the agent.
